# ARDOR 2017-18

An Archive to Spark your Imagination

**BCA MAGAZINE**

## FROM THE PRINCIPAL'S/DIRECTOR'S DESK

It is with a sense of honor, pride and privilege that I am penning these few words to introduce the world of Ambedkar Institute of Technology a Delhi Government college affiliated to Directorate of Training & Technical Education. Over the past twelve years, we passed many milestones, logged in numerous achievements, created image for delivery of superior students and carved out aimage incorporate as well as academic arena for ourselves.

All the while, the focus has remained on education preparing capable aspiring young men and women for rewarding careers. Our quest for

excellence over the years has built up the state of the art infrastructure and equipment, made more efficient by the most dedicated and experienced members of the faculty. While we endeavor to provide these inputs, students learn a lot more through their own interaction with peers and through actual work experience and I am delighted to say that many of students are live testimony to the devotion, determination, and diligence that have been the hallmark of the Ambedkar Institute of Technology. I am sure that our students will be assets for any company. I look forward to their bright future.

Coinciding with the above development, it is a matter of pride and satisfaction for me in bringing out this Departmental e-Magazine of the Department of BCA- "ARDOR-2017-18" of AIT portraying an array of activities and achievements during its regime during the year gone-by. I extend my Best Wishes to all the BCA Students and the Faculty Members.

Mrs. Neeru Mehta

## **FROM THE EDITOR'S DESK**

**Both Education and Training are the strategic elements which would pave way for employment-enhancing skills and increasing productivity and would, in the long run, accelerate the future economic growth of the country.**

The Indian Economy is a knowledge-based economy owing to its copious Human Capital with impeccable qualification, knowledge, capability, Skills, flexibility etc. and these qualities need to be developed further and empower the Human Capital to ensure our country's Global Competitiveness. Still, there is a dearth of skilled manpower to address the mounting needs and demands of the Global Job-Market. To find a solution to this problem, the Government and Private Sector should unitedly take efforts to introduce Educational and Training Programme to mould and garner the Demographic Dividend.

Hence, it is imperative to nurture the skills of the younger generation as a "Learner First" by the respective Governments in our country for knowledge-intensive sectors. It gives me immense pleasure to edit this Departmental e-Magazine - "ARDOR-2017-18" depicting the performance and various achievements of BCA Students during last year. I take this opportunity to extend my sincere gratitude to all the students and teacher fraternity of Department of BCA who have evinced keen interest in providing various articles and enable the undersigned to bring this Departmental e-Journal "ARDOR" in an impeccable manner. I wish them All-The-Best !

**Sh. Dipankar Mishra**

## **BACHELOR IN COMPUTER APPLICATION (BCA)**

Bachelor in Computer Application (BCA) is an undergraduate degree course in computer applications. With the rapid growth of IT industry worldwide, the demand of computer professional is increasing day by day. This increasing growth of IT industry has created a lot of opportunities for the computer graduates. Bachelor in Computer Application (BCA) is one of the popular courses among the students who want to make their career in the IT (Information Technology) field. The duration of the course is 3 years and divided into 6 semesters.

COURSE	INTAKE
BCA	60

### **ORIENTATION PROGRAMME**

#### **IN PURSUIT OF EXCELLENCE**

The Principal of AIT had inaugurated the Orientation Programme for the First Semester students of Programmes in AIT on 01-08-2017. During the Orientation Programme, the Principal had highlighted various activities, features and achievements of the Institute, besides its infrastructure, rules and regulations etc. She advised all the students to refrain from ragging, to maintain punctuality and regular in attending their routine classes. She had emphasized the importance of attendance rules for the students, explained the subjects of the respective semesters, system of conducting the Sessional Examinations, End-Term University Examinations etc. followed by the introduction of Faculty Members of Department. The Principal motivated the students to hone their skills in all the ways possible and advised to secure University Ranks in their ensuing University Examinations and bring laurels to the Institute.

#### **ACADEMIC CALENDAR OF BCA DEPARTMENT**

AIT brings out its Academic Calendar for the Students well-in-advance for each and every Semester in respect of all the programmes as per the University's Guidelines, for better planning and proper execution of academic activities. This enables the Students to have an awareness of the overall activities of the Department and chalk out the Sessional Examinations, Programmes etc. in a systematic manner. The Academic Calendar was brought out for odd & even Session by the Department is given below:

## ACADEMIC CALENDAR – AUG TO DEC 2017 – BCA

### IMPORTANT DATES

All significant contributions of students, to the cause, being awarded within the fund availability, sanctioned by the Dept. of Environment & Forest from year to year.

ECO club organized Hindi Essay writing & Poster making Competition and English Essay writing competition, Quiz on environment Issues.

## **WOMEN'S DAY CELEBRATION .....**

**08/03/2018**

International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity.

International Women's Day (IWD) has been observed since the early 1900's - a time of great expansion and turbulence in the industrialized world that saw booming population growth and the rise of radical ideologies. International Women's Day is a collective day of global celebration and a call for gender parity. No one government, NGO, charity, corporation, academic institution, women's network or media hub is solely responsible for International Women's Day. Many organizations declare an annual IWD theme that supports their specific agenda or cause, and some of these are adopted more widely with relevance than others.

Internationally, purple is a colour for symbolizing women. Historically the combination of purple, green and white to symbolize women's equality originated from the Women's Social and Political Union in the UK in 1908. Purple signifies justice and dignity.

## PRISE DISTRIBUTION CEREMONY.....

## HACKATHON.....

'Smart India Hackathon 2018' world Biggest Hackathon is a government organized, pan India 36 hour nonstop digital programming competition. The participating teams will simultaneously compete from across 33 locations in India to offer digital yet sustainable innovative solutions to solve real time challenges faced by the nation. Hackathons provide a venue for self-expression and creativity through technology.

The following is the list of students and mentors went to attend the competition.

Sr. No.	Name	Roll No./ Designation	Role
1	N. Bharath Kumar	Lecturer, CE	Mentor
2	Nipun sharma	03924802015/ Student/BCA	Team Leader
3	Mayank Gupta	03424802015/ Student/BCA	Team Member
4	Chandan Kumar Rai	01524802015/ Student/BCA	Team Member
5	Praveen Gupta	04624802015/ Student/BCA	Team Member
6	Deepanshi Sharma	01924802015/ Student/BCA	Team Member
7	Yashika Sharma	06124802015/ Student/BCA	Team Member

## OSA (USA)

- Optical Society of America-AIT chapter commenced in Ambedkar Institute of Technology, to shape and empower the students and offer them cutting edge digital optics, photonics technology and modern communication research exposure.
- This chapter bestowed a world-class platform to mold the BCA students not only as professional but also prosperous entrepreneurs in digital and communication technology.
- Opportunities like OSA chapter is boosting higher education and research fascination among the BCA students and providing them international exposure.
- Student of Ambedkar Institute of Technology, Mr. Akash Agarawal (BCA, 3<sup>rd</sup> Sem) was selected at International Level to participate in an International Meet titled “IONS 2017”, held in Xián (China), which was fully sponsored by Optical Society of America [OSA], Nanjing University and Chinese Academy of Sciences through OSA-AIT chapter. He participated in IONS 2017 (International OSA Network of Students) and “OSA Student Leadership Programme”, as a Representative of Ambedkar Institute of Technology.

- President of OSA-AIT chapter, Ms. Vandna Gupta (BCA, 3<sup>rd</sup> Sem) is got “OSA Leadership grant Award-2017” (1100\$+500\$ Registration+900\$ Accommodation) to participate in student leadership program and workshop to be held in University of Washington, DC (USA) during 15<sup>th</sup>-24th September, 2017.
- President of OSA-AIT chapter, Ms. Vandana Gupta (BCA, 3<sup>rd</sup> Semester), won the “Student Excellence Award-2017” from the Indus foundation, in an award ceremony held in lalit Hotel, New Delhi on 28th July 2017. She received the award from the chief guest of the ceremony, Honorable governor of Harayana- Sh. Kaptan Singh Solanki.

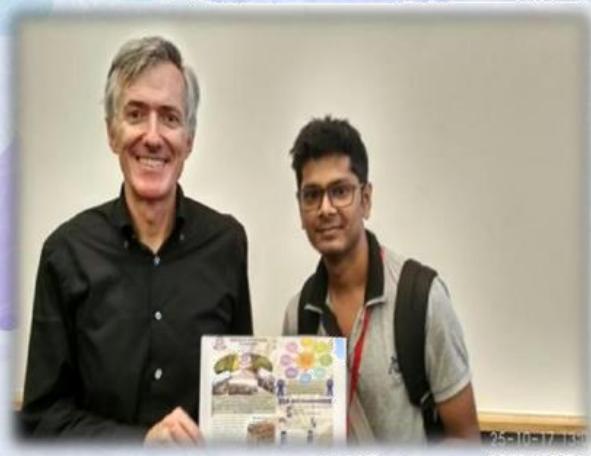

**Student of Ambedkar Institute of Technology, Mr. Manoj Kumar was selected at International Level to participate in an International Meet titled “IONS OKINAWA 2017”, held in Okinawa (Japan), during 21<sup>st</sup> -30<sup>th</sup> October 17, which was fully sponsored by Optical Society of America [OSA], Okinawa Institute of science & Technology through OSA-AIT chapter.**

➤ Mr. Manoj also had a lifetime opportunity of union with Nobel Laureate & Former U.S. Secretary of Energy Dr. Steven Chu. Steven Chu is an American physicist who shared the Nobel Prize in Physics in 1997, for developing methods to trap and cool atoms using lasers. They wonderful discussion about recent trends in Science & Technology and possibilities of future collaboration.

- Mr Manoj also had fruitful discussions wih Dr. Jean Lau from Stanford University, Dr. Franke- Arnold from University of Glasgow-UK, Dr. Michimura from University of Tokyo and Many more eminent personalities about the Institute, Recent technologies advancement and future collaboration possibilities.

**APACC**

**2<sup>ND</sup> & 3<sup>RD</sup> NOV 2017**

**APACC concerning mutual support to advance the core principles of accreditation and certification of technical and vocational education.**

## **STUDY VISITS/INDUSTRIAL VISITS....**

AIT, in order to provide live exposure of the new technology, Industry, Production and Manufacturing activities and to keep the students abreast with the up-to-date developments in the Globalized Scenario, is always arranging Industrial Visits/Study Visits to the students studying in all its Programmes during the year.

During this Industrial Visit[s]/Study Visit[s], the students were exposed to various activities practiced by the Organizations.

On the occasion, the visiting students undergo Mini-Industrial-Lectures at the Plant itself by the Departmental/ Sectional/ Divisional Heads of those Industries/ Organizations. Thus, the Study Visits/ Industrial Visits enable the students to have live exposure of the system besides honing their knowledge

and skills in all directions. Following were the Industrial Visit[s]/Study Visit[s] arranged by the Department for its Students .

<b>Company/Industry</b>
<b>MOTHER DAIRY PATPARGANJ</b>
<b>NPTI BADARPUR</b>
<b>L &amp; T</b>

## **SWACHH BHARAT ABHIYAN....**

AIT is also dedicated towards the effort SWACHH BHARAT ABHIYAN in the institute. In this regard Principal has always motivated the students, faculty & staff to put in continuous efforts towards SWACCH BHARAT ABHIYAN. ## **TRAINING & PLACEMENT CELL ...**

AIT has got its own vibrant Placement Cell headed by a Training & Placement Officer for its students to be placed in various sectors like information technology and software engineering along with teaching profession. As per the past experience of other students in various Dept. of AIT, some of them are going for higher studies also. During the year, the Institute has organized various campus interviews for Students of other Dept. "M/S CONCENTRICS selected" 25 no. of students of BCA, "M/S WIPRO TECHNOLOGIES" selected 8 no. of students of BCA with 2.3 Lacs and with M.tech Degree.

Here below is the list of recruiting IT companies:

**M/S WIPROTECHNOLOGIES**

**M/S CONCENTRICS**

**M/S ACADEMIAGURU.COM (A Unit of Lakshay Edusolutions Pvt.Ltd.)**

**M/S WEBTEK LABS PVT. LTD**

**M/S TECH MAHINDRA**

**M/S KIN INFOTECH PVT. LTD**

**M/S DELOITTE**

### **OTHER SERVICES:**

e-granthalaya software (V.2.0 from NIC) books are completed in automation :Mode of Circulation -Barcode Technology are being Used

**OPAC Facility**

**Internet facility**

**Delnetresources searching facility**

**NPTEL Server**

**Book binding facility**

**User education programme**

**Reference Service**

## FACULTY DEVELOPMENT PROGRAMME.....

AIT has provided ample opportunities to its faculty members to hone their skills and capabilities by participating in various Training Programmes on Linux Administration by NITTR, Chandigarh.

## RECENT VISITS OF FOREIGN DELEGATES

### VISIT BY THE AUSTRALIAN DELEGATES

An Eminent delegation consisting of;

- Jen Bahen, TAFE Directors Australia,
- Jyne Miller, Canberra Institute of Technology,
- Paul Wilson, TAFE Queensland East Coast, Kan Hawell, South West Institute of TAFE,
- Marty Burgess, TAFE NSW-Illawara Institute, Patricia Thompson, TAFE NSW,
- Juanita Caddy, Department of Education and Training, along with other members, visited Ambedkar Institute of Technology.

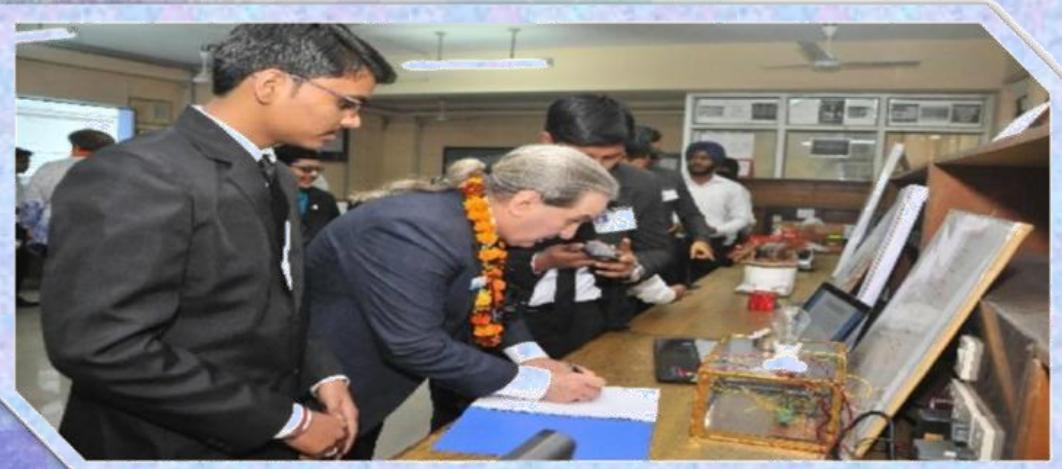

## **VISIT BY THE U.K. DELEGATES .....**

Ambedkar Institute of Technology was pleased and honoured to welcome a delegation from UK including;

- Ms Malyaj Varmani – Head UKIERI,
- Ms Emma Meredith – International Director, Association of Colleges,
- Ms Marguerite Hogg – International Projects Manager, Association of Colleges,

Mr. Joseph Taylor – Policy Manager Asia, Universities UK International, along with others members too, on 09.02.2017.

## **MOU...**

**AIT has signed MOU with the following organization.**

S.NO.	CLASS	ORGANIZED BY	DATE
1	SPOKEN ENGLISH CLASS	TIMES OF INDIA	08/08/2017
2	QUESTALLIANCE	UNDP	10/08/2017
3	REDINGTON	REDINGTON	20/02/2018
4	PERSONALITY DEVELOPMENT	TECH MAHINDRA	2018

## **FORTHCOMING EVENTS.....**

AIT, during the year 2018, is intending to organize -

- Faculty Development Programs/Management Development Programs in the discipline of Computer and Information Technology.
- Mock Interviews for the students of BCA.
- Expert/Special Lectures on different technologies and new areas and disciplines.
- Programming Competitions
- A National Seminar/Conference by Department
- Expert Lectures on Communication/Soft Skills for the students BCA.

# **STUDENT CORNER**

## **POEMS**

### **HOW DO YOU THINK?**

If you think you are beaten, you are;  
If you think you dare not, you don't!  
If you'd like to win, but you think you can't,  
It's almost certain you won't.  
If you think you'll lose, you're lost;  
For out in the world we find  
Success begins with a fellow's will;  
It's all in the state of mind!  
If you think you're outclassed, you are;  
You've got to think high to rise.  
You've got to be sure of yourself  
Before you'll ever win the prize.  
Life's battles don't always go  
To the stronger or faster man;  
But sooner or later the man who wins  
Is the person who thinks he can!

### **College Life**

Stepping into a new life where  
One faces oneself  
Some consider everything a race and chase after them all,

While others find it difficult  
to even tie their shoe lace.

Many here care for you,  
but you care for a select few

Lots of leisure, lots of pressure  
In the midst of which, some search for treasure.

The greatest invention being the headset  
without which no one's heads are fit  
More sleep, less work, but still

**feeling tired every other minute.**

**Sudden decisions rare output  
even don't care for taking next  
More dance, more wishes,  
Many an exam and test.**

**Suddenly, when you look back  
The poster says 'The End',  
The 26280 hours of these three years  
Are just like the three hours of a movie  
Passing by in the snap of your fingers  
Leaving behind many a memory that lingers.**

**By: ROHIT KUMAR MISHRA  
BCA -5thSem**

## **YOUR SMILE**

**Your smile lights my way through life,  
And keeps me warm inside.  
It reminds me that people are good,  
Especially when their snide.**

**Your smile helps me though each day,  
Knowing I'll soon see it again.  
It even makes me want to smile,  
Even when I'm in pain.**

**Your smile can take my moods away,  
And help me to see it another way.  
It reminds me not too take things so hard,  
And so seriously every day.**

**Your smile I am so very thankful,  
And of course for you as well.  
You always know just what to say,  
And never let me dwell.**

**So thank you so much for all your smiles,  
And for loving me each day.  
Life can be verytough but thankfully,  
I've got you to help shine my way.**

**BY: YASH ARORA

## **QUOTES**

**All they say was the charm in her talks, Lesser did they  
know the reality behind.  
They thought they know her all,  
She took joy in their illusion of knowing.**

**When the past knocks, don't let in,  
When the past knocks, don't let it win,  
When the past knocks, give it a crooked grin,  
When the past knocks, never hold it in,  
When the past knocks..  
Now, that's battle you can never win.**

## LEARN FROM EVERYONE, FOLLOW NO ONE. IS IT GENUINELY TRUE FOR A PART OF LIFE?

Indeed it's a very successful approach towards life.

From the time we are born we are in the process of learning, we learnt to walk, talk and everything we execute every day. Now these things are basic things that we learn, as we grow up the demands start to increase and we are expected to be the best versions of ourselves. We learn from each and everyone around us as everyone has some message for us either a good one or a lesson and following no one is really important as that won't help in the long run.

Most of us while learning from someone will automatically start acting like the person who we are learning from. We will start putting ourselves in their shoes and try to solve problems in our life. We should not follow their methods to solve our life problems

This phase of making our identity is surely a great task and gets easier and better through this very simple but effective thought. "*Learn from everyone, Follow no one*".

And I believe this is the best way to live it makes the best conditions as you have a good idea from others some advices few warnings and then we execute as per our potential and the best results come out.

Thus this really applies to a individuals phase of life but not compulsory every time because not all things and ideas which exist today were learnt.

# TRADITION AND MODERNISATION

The term 'tradition' and 'modernity' are expressions of values which helps us in observing the process of social and cultural transformation in societies as they pass from the 'primitive' to 'pre-industrial' to 'industrial' and 'post-industrial' phases of social development.

Modernization is a conceptual tool which social scientists have widely used in analyzing the process as well as the quality of social change. All societies have tradition, but what we describe as 'traditional societies' refers to a specific historical phase of social and cultural development.

Traditional societies have substantial degree of differentiation of social strata, divisions between village, town and city, relatively higher level of technology that depends upon wide use of animal energy; have an evolved written literary tradition along with oral cultural tradition. Such societies also have organized systems of polity with differentiation of political, military and religious offices of specialized elite, and a fairly advanced system of trade, commerce, money and banking. The values, beliefs, ways of life, aesthetic and symbolic standards and forms of the society constitute its tradition which maintains continuity with the past. It is this element of continuity which characterizes a social or cultural attribute or value in a society as being traditional. The passage from traditional to modern stage of society initiates major social and cultural transformation.

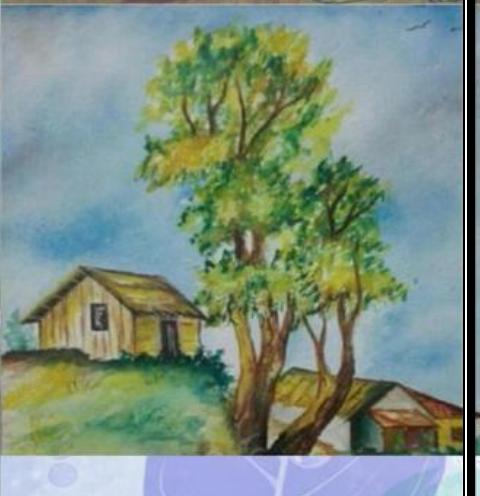

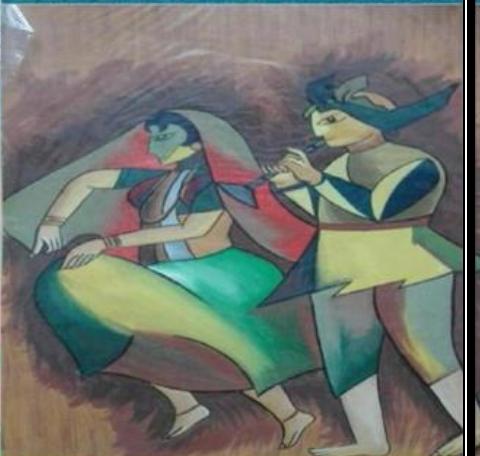

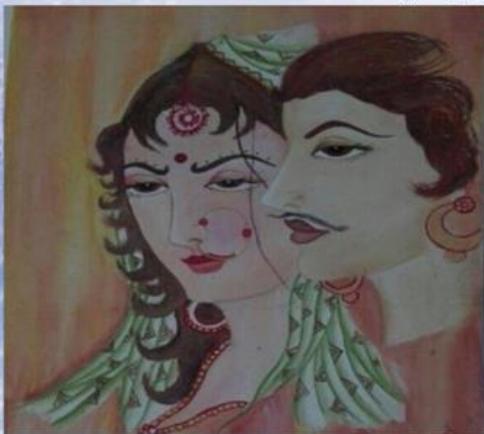

As society passes from traditional to modern phase of development, the closure of opportunities to status mobility is rendered more and more open. New institutional measures and social forces emerge in society that makes the social system more open. These measures are both cultural and social structural.

Science and technology play an important role in this process, which revolutionizes the outlook of people and also basically alters its production system and economy. These developments coincide, as they did in India, with basic changes in the political system. Traditional Indian society which was anchored on the institutions of caste 'feudalistic and other-worldly outlook and values on life underwent major changes through the rise of national movement for freedom.

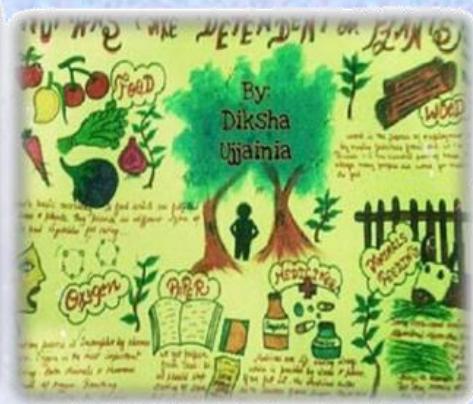

The establishment of the democratic Indian republic cherishing the values of secularism, socialism and democracy challenged the traditional values of caste inequalities. The key to this process is the exposure of Indian society and its elite to the culture of science, technology and democracy in the West. The new institutions of education, law and justice, industry and commerce, health and medicine, transport and communication etc. were introduced. They ushered new processes of social and cultural changes in society. These came into contact with Western values of rationalism, science and technology which the British colonial administration introduced in India mainly for the consolidation of a colony, but which had new and unexpected outcome in the rise of cultural renaissance in India and the national freedom movement.
